Smart Parking · Access Control · EV Charging

1. CloudParking — Smart Parking System

Model	Description	Spec
CP-LPR-200	AI License Plate Recognition Camera	2MP, 99.8% accuracy, IP67, -30°C ~ +70°C
CP-BG-300	Smart Barrier Gate	3s open time, 6m boom, anti-collision, remote control
CP-CTRL-100	Cloud Parking Controller	4-camera input, edge AI, 4G/WiFi/Ethernet
CP-KIOSK-50	Self-Service Payment Kiosk	21.5" touchscreen, QR/OCR, thermal printer

2. CloudAccess — Access Control System

Model	Description	Spec
CA-FACE-100	AI Face Recognition Terminal	1:N 30k faces, 0.2s recognition, IR + RGB dual
CA-QR-50	QR Code Access Reader	Dynamic QR, anti-screenshot, IP65
CA-CARD-30	IC/ID Card Reader	Mifare/EM dual, Wiegand 26/34, IP54
CA-CTRL-200	Access Control Panel	4-door, 100k events, TCP/IP, offline mode

3. CloudCharging ■■ — EV Charging System

Model ■■	Description ■■	Spec ■■
CC-AC-7	7kW AC Home Charger	Type 2, OCPP 1.6J, RFID + App, IP55
CC-AC-22	22kW AC Commercial Charger	Type 2, OCPP 1.6J, dual port, load balancing
CC-DC-60	60kW DC Fast Charger	CCS2 + CHAdeMO, 200~1000V, OCPP 2.0
CC-DC-120	120kW DC Fast Charger	CCS2 + CHAdeMO, dual gun, touchscreen 7"
CC-MGMT	Charging Management Cloud	OCPP backend, billing, load management, API

4. Compliance & Certifications ■■

Certification ■■	Scope ■■■■
CE / FCC	All electronic products
RoHS	All materials
ISO 9001:2015	Quality Management System
ISO 27001	Information Security (Cloud Platform)
OCPP 1.6J / 2.0	EV Charging interoperability

5. Warranty & Support ■■■■■■

All hardware products come with 24 months warranty from the date of installation. Cloud platform subscriptions include 99.5% SLA, 24/7 monitoring, and free feature updates. On-site maintenance response time within 4 hours for Hong Kong region.
